IMAGE VISION LIMITED PROFILE

A WORD FROM THE MANAGING DIRECTOR

Honorable Friends:

Thank you for your attention and support to Image Vision Limited in the past years.

Founded in 2003, Image Vision limited is now a large scale Photography and Videography production company which covers Photography, Videography, Multimedia training, Script writing, Live Streaming and Promotions integrated with Hiring of the production equipment and crew for other media houses.

The company has taken the lead in Music Production, Events coverage, script writing and promotions field by adhering to its vision, "To transform the entertainment industry into an adorable world."

In 2003, I was motivated to devote myself to making my own Video Production Company, after quitting my job as the Production Manager and Editor in chief of VCL Studios (Videography and Cinematography Limited) in Uganda.

In general the entertainment industry in Uganda was a MESS!!! It lacked creativity in production in areas like creative script writing, directions Do(s) and Do not(s), Character building and Artist attitude, landscape setting and Lightings as well as Professional editing more so in areas of lip sinking and constructive storytelling finished work.

Our passion and effort to transform this mess to an entertaining industry truly relied on the Creator, who made this delightful for the Birth of Image Vision on the 25th June 2003.

Since then our spirit of perseverance, having a positive working attitude, ability to beat deadlines and creativity in performing arts to improve the Entertainment industry in Uganda is unstoppable and a good experience to work with clients from different walks of life.

We shall continuously give back to our society with outstanding performance.

DR. JINGO ROBINSON
